

**PROSPEKT - Environment**

---

- 310 *An ON-line SPE-HPLC assay at MAC-level for phenolics water - H.Herkdijk, O. Halmingh, JA.*  
Oui *Ooms - Spark Holland*
- 322 *Determination of N-methylcarbamate Pesticides In Environmental Water Samples Using Automated On-Line Trace Enrichment With exchangeable Cartridges And High-Performance Liquid Chromatography- M.Hiemstra, A. De Kok- J. Of Chromatography 667 (1994) 155-166.*  
Oui
- 323 *Automated Analysis Of N-Methyl Carbamate Pesticides In Water Samples Using HPLC With On-Line Solid Phase Extraction And Post-Column reaction Fluorescence Detectio-A. De Kok, M. Hiemstra-Food Inspection Service. Alkmaar. The Netherlands.*  
Oui
- 513 *On-line And Off-line Extraction And Liquid Chromatography Analysis At Trace Levels, For Monitoring Of Herbicides And Their Degradation Products In River And Fluvio-Estuarine Freshwater-Seawater Interfaces - S. Dupas, P. Scribe, J.F. Dubernet -*  
Oui
- 583 *Analysis of Microcontaminants in aqueous samples by fully automated on-line solid-phase extraction gas Chromatography- mass selective detection - AJH. Louter - Journal of Chromatography A feb (1996), 76-83*  
Oui
- 692 *Analytical Chemistry and the Rhine Basin Program - Analytical Chemistry News & Features, January 1, 21-25 (1997).*  
Oui
- 728 *On-line SPE-HPLC Determination of Glyphosate in Water by H. Hartman & M. Ettema, C Klok, H.Kerkdijk, MH. Godschalk & O. Halmingh. SPARK Holland( March 1997)*  
Oui
- 731 *On-line SPE-HPLC Determination of Polar Pesticides & Herbicides in Water. by O. Halmingh, H.Kerkdijk, JA. Ooms. SPARK Holland (March 1997).*  
Oui
- 1105 *Improved Automated Trace Level Determination of Aromatic Sulfonates in Water by Hyphenated SPE-HPLC-T.LANDRIEUX, F.Th. LANGE, M. WENZ & H-J. BRAUCH from DVGW and O. HALMINGH & JA.A OOMS from SPARK HOLLAND*  
Oui
- 1110 *Fully automated on-line liquid chromatographic separation for pollutants in various types of aqueous samples, SLOBODNIK J. , et al, Analytical Chimica Acta, 268 (1992), PP.55-65*  
Non
- 1111 *Drying agents for water-free introduction of desorption solvent into a GC after on-line SPE of aqueous samples, PICO Y., et al, Chromatographia, 38 :7/8 (1994), PP.461-469*  
Non
- 1112 *Fully automated sample preparation & HPLC analysis of PAHs in soil, HAAK G. & HAM M., International Laboratory news, July 1994, P.14*  
Non
- 1114 *Fully automated multi-residue method for trace level monitoring of polar pesticides by liquid chromatography, SLOBODNIK J., et al, J. of Chromatog. 642 (1993), PP.359-370*  
Non
- 1115 *Automated measurement of pesticides in drinking water using on-line solid-phase extraction, HPLC and chemometry, HUEN J.M, et al, Fresenius J. Anal. Chem. 348 (1994), 606*  
Non
- 1116 *Validation of an automated pre-column exchange system (PROSPEKT) coupled to liquid chromatography with diode array detection. Application to the determination of pesticides in natural waters, LACORTE S & BARCELO D., Analytica Chimica Acta 296 (94), 223*  
Non

**PROSPEKT - Environment**

---

- 1117 *Rapid screening of a large group of polar pesticides in river water by on-line trace enrichment and Non column liquid chromatography, LISKA I. et al, Intern. J. Environ. Anal. Chem. Vol.47 (1992), 267*
- 1119 *Preparation and evaluation of Immunosorbents for selective trace enrichment of Phenylurea and Non Triazine Herbicides in environmental waters, Pichon, Chen, Hennion, Daniel, Martel, Le Goffic, Abian & Barcelo, Anal. Chem (1995), 67, 2451-2460*
- 1120 *Trace-level detection and identification of polar pesticides in surface water : the SAMOS approach, Non Brinkman, Slobodnik & Vreuls, Trends in Anl. Chemm, vol.13, no.3, 157-163*
- 1121 *SAMOS LC : a fully automated liquid chromatographic method for trace-level monitoring of polar Non pesticides, Brinkman, Lingeman & Slobodnik, LC-GC Int. March 1994 vol. 7 no.3, 157-163*
- 1136 *Determination of Target Herbicides in Water at Low PPT Level with Hyphenated SPE/LC/MS/MS - Oui SPARK Holland November 1998*
- 1145 *Trace-level determination of aromatic sulfonates in water by on-line ion-pair extraction/ion-pair Non chromatography and their behavior in the aquatic environment, LANGE, WENZ & BRAUCH, J. High Resol. Chromatogr., Vol. 18 April 1995*
- 1147 *Stability of Organophosphorous Pesticides on disposate solid-phase extraction precolumns, Non LACORTE S., EHRESMANN N. & BARCELO D., Environmental Sciences & Technology Vol. 29 (1995)*
- 1148 *Automated ion-pair extraction and ion-pair chromatography- a versatile method in water analysis Non for the determination of highly polar micro pollutants, LANGE, MEIER, WENZ & BRAUCH, Acta hydrochim. Hydrobiol. 23 (1995)*
- 1150 *Integrated system for on-line gas & liquid chromatogaphy with a single mass spectrometric Non detector for the automated analysis of environmental samples, SLOBODNIK J., HOGENBOOM AC., LOUTER AJH & BRINKMAN UA., J. of Chromatography A 730(1996), 353-371*
- 1151 *Evaluation of new polymeric sorbents with high specific surfaces areas using an on-lineSPE-liquid Non chromatographic system for the trace level determination of polar pesticides, GUEN S. & HENNION MC., Journal of Chromatography A, 737 (1996), 15-24*
- 1152 *On-line SPE in liquid chromatography using restricted access pre-columns for the analysis of s- Non triazines in humic-containing waters, ONNERFJORD, BARCELO, EMMEUS, GORTON & MARKO-VARGA, Journal of Chromatography A, 737 (1996) PP.35-45*
- 1153 *Determination and stability of pesticides in freezed-dried extraction water samples by automated Non on-line SPE followed by liquid chromatogaphy with diode-array detection, FERRER I. & BARCELO D., Journal of Chromatography A, 737 (1996), 93-99*
- 1154 *Degradation of Organophosphorous Pesticides and their Transformation Products in Estuarine Non Water, LACONTE S. , LARTIGES S.B., GARRIGUES P. & BARCELO D., Environmental Science & Technology Vol. 29 (1995)*
- 1198 *Selective analysis of the herbicides glyphosate & aminomethylphosphonic acid in water by on-line Oui SPE-HPLC-ESI-MS-MS by RJ VREEKEN, P. SPEKSNIJDER, I. BOBELDIJK-PASTOROVA & HM. NOIJ - Journal of Chromatog. A, 794 (1998) 187-199*
- 1204 *Traitement de l'Echantillon Environnemental : Evolution et Perspectives de V.PICHON, Présenté à Oui SEP 1997 - Analisis (1997) 25, PP101-106*

## PROSPEKT - Environment

---

- 1276 *A New Concept for Rapid Automated SPE-HPLC Determination of Glyphosate and AMPA in Water*, D. VRIELINK, O. HALMINGH, M. Van GILS & B. OOMS, Poster presented at HPLC2000 Seattle.
- 1409 *On-Line SPE with HPLC-APCI-MS Detection as Screening Method for a Wide Range of Phenols in Water Samples*, R. WISSIACK, E. ROSENBERG & M. GRASSERBAUER, Poster presented at the LC-MS Symposium in Montreux, November 2000
